COMFORT that goes well beyond the thermostat. There's more to comfort than just a pleasant temperature. With E. M. Sergeant, peace of mind is standard issue. Because behind our thermostats are well trained technicians, dependable products and smart services that add an unmatched level of safety to your home while taking away the heating and cooling hassles. We also have services and programs that offer cost savings and convenience, like service agreements, automatic fill, price protection and equal payment budget plans. And we have 24 hour service so you'll never be without heat when you need it. One call for all your heating and cooling needs. One familiar, dependable, full service company to keep an eye on everything. We've been locally owned and operated for nearly 100 years. And, because we're service focused, you talk to people not machines. So every time you look at that little box on the wall you'll feel more than the comfort of the room. Safety. Service. Simplified.
